

Business Question and Visualization Report

Date	21-Aug-2026
Team ID	Individual
Project Name	Global AI Adoption in Education
Maximum Marks	5 Marks

Business Questions and Visualizations

No.	Business Question	Visualization in Your Tableau Workbook	Purpose / Insight
1	What is the overall level of AI adoption in education?	AI Adoption Levels – Bar Chart	To understand the overall AI adoption levels across the dataset.
2	How does AI usage differ between students and teachers across countries?	AI Usage of Student and Teacher – Country Wise – Comparison Chart	To compare student and teacher AI usage for different countries.
3	Which countries have the highest average daily AI usage?	Average Daily AI Usage by Country – Bar Chart	To identify countries where AI is used for the greatest amount of time per day.
4	Which AI tools are the leading tools used in education?	Comparison of Leading AI Tool – Comparison Visualization	To compare the adoption/popularity of leading AI tools.
5	How has AI usage changed in rural and urban areas over the years?	Growth of AI Usage in Rural and Urban Area Yearwise – Line Chart	To identify the growth and difference between rural and urban AI usage over time.
6	Which regions have the highest school AI adoption?	Region Wise Schools AI Adoption – Region Comparison Chart	To compare school-level AI adoption across regions.
7	How have school, student, and teacher AI adoption changed over the years?	Year Wise School, Students and Teacher AI Adoption – Line/Comparison Chart	To identify AI adoption trends among schools, students, and teachers.
8	Which countries have higher or lower AI adoption?	Global AI Adoption by Country – Geographical Map	To visualize geographical differences in AI adoption across countries.
9	What are the key AI adoption KPIs?	Different KPI for the Percentage of Use – KPI Cards	To provide a quick overview of important AI adoption and usage indicators.

No.	Business Question	Visualization in Your Tableau Workbook	Purpose / Insight
10	How does school AI adoption vary between regions?	Region Wise – Bar Chart	To identify regions with higher and lower school AI adoption.
11	How does internet penetration relate to AI adoption in schools?	AI Adoption / Internet Penetration Visualization	To explore whether internet access is associated with school AI adoption.
12	How does rural AI usage compare with urban AI usage?	Rural vs Urban AI Usage	To identify the digital divide between rural and urban areas.

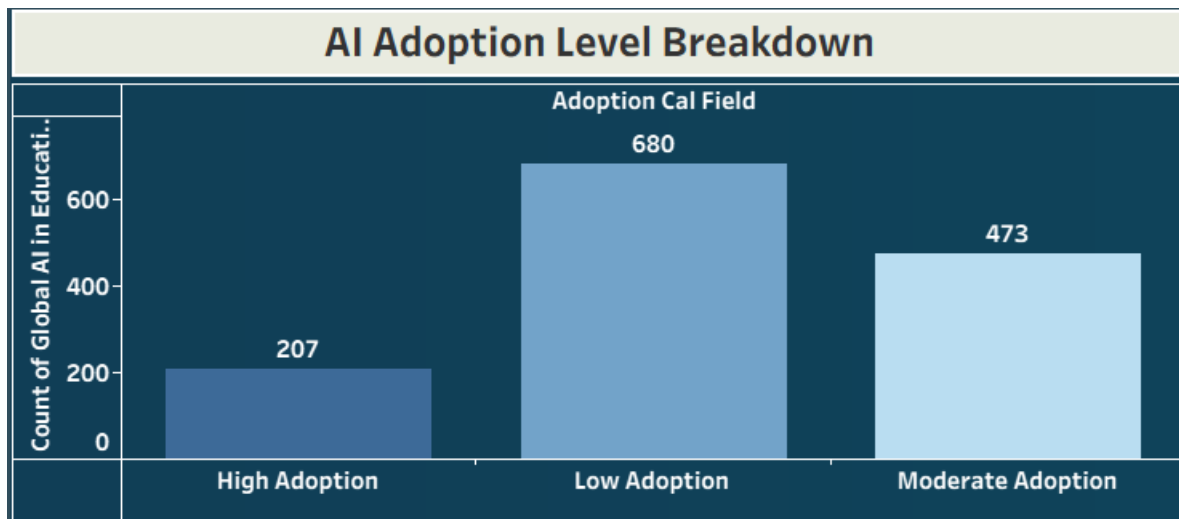

1. What is the overall level of AI adoption in education?

Visualization: AI Adoption Levels – Bar Chart

Attributes:

- **Dimension:** AI Adoption Level
- **Measure:** Percentage of AI Adoption
- **Category:** Education / AI Usage

Screenshot:

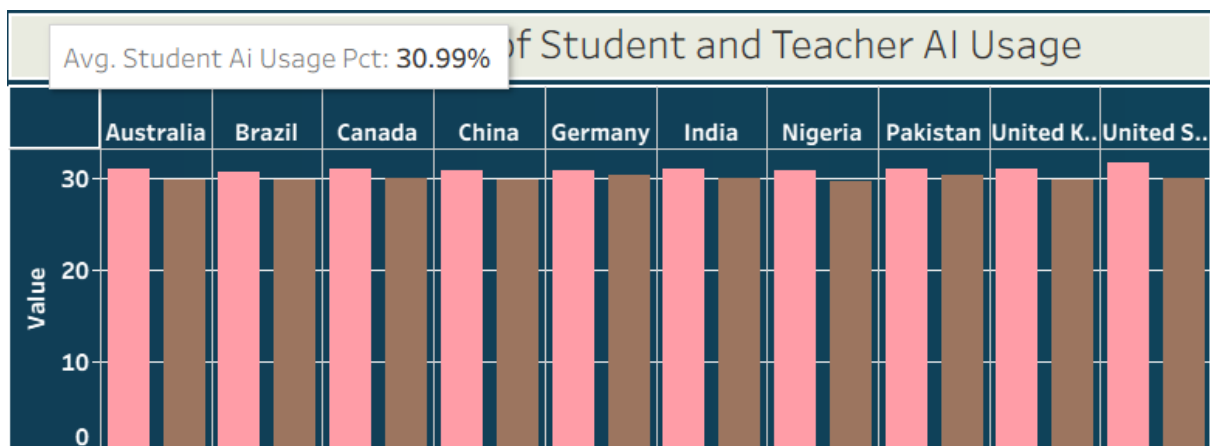

2. How does AI usage differ between students and teachers across countries?

Visualization: AI Usage of Student and Teacher – Country Wise

Attributes:

- **Dimension:** Country
- **Measures:** Student AI Usage, Teacher AI Usage
- **Comparison:** Student vs. Teacher
- **Category:** AI Usage

Screenshot:

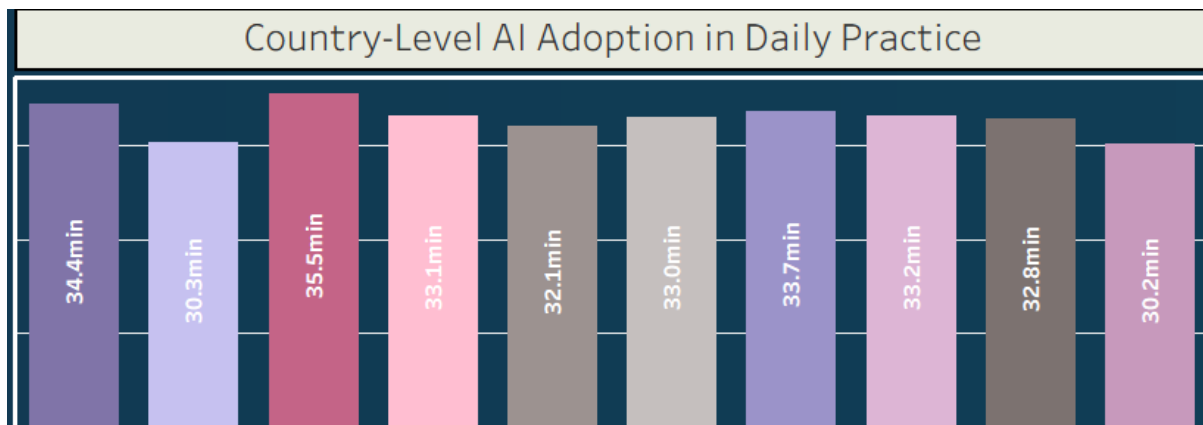

3. Which countries have the highest average daily AI usage?

Visualization: Average Daily AI Usage by Country

Attributes:

- **Dimension:** Country
- **Measure:** Average Daily AI Usage
- **Unit:** Daily Usage / Hours
- **Ranking:** Country-wise AI Usage

Screenshot:

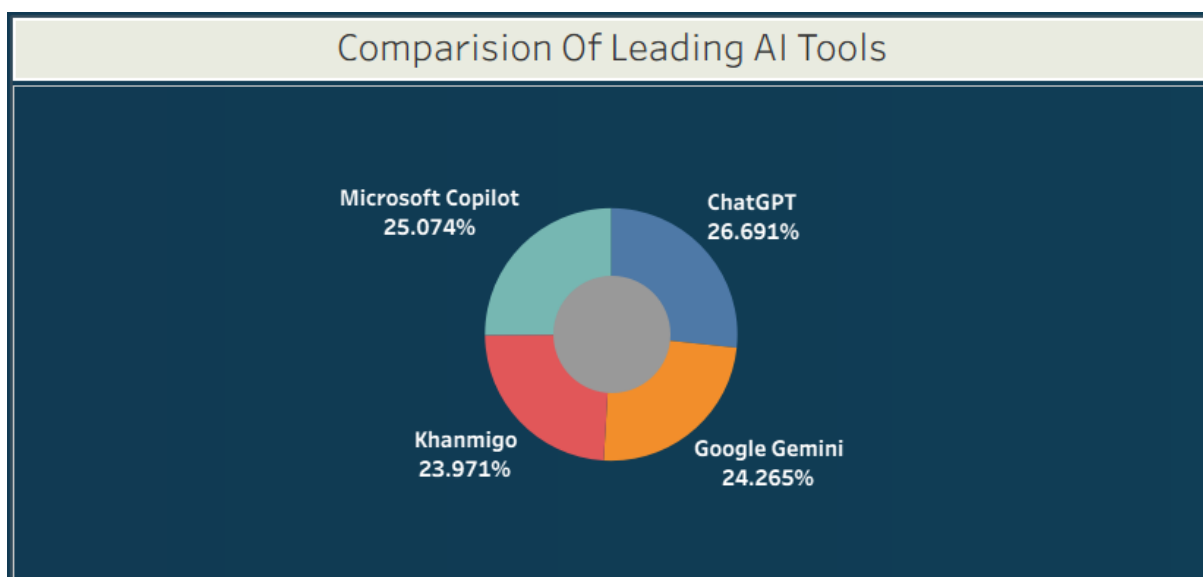

4. Which AI tools are the leading tools used in education?

Visualization: Comparison of Leading AI Tool

Attributes:

- **Dimension:** AI Tool
- **Measure:** AI Tool Usage / Adoption
- **Category:** Leading AI Tools
- **Comparison:** Tool-wise Usage

Screenshot:

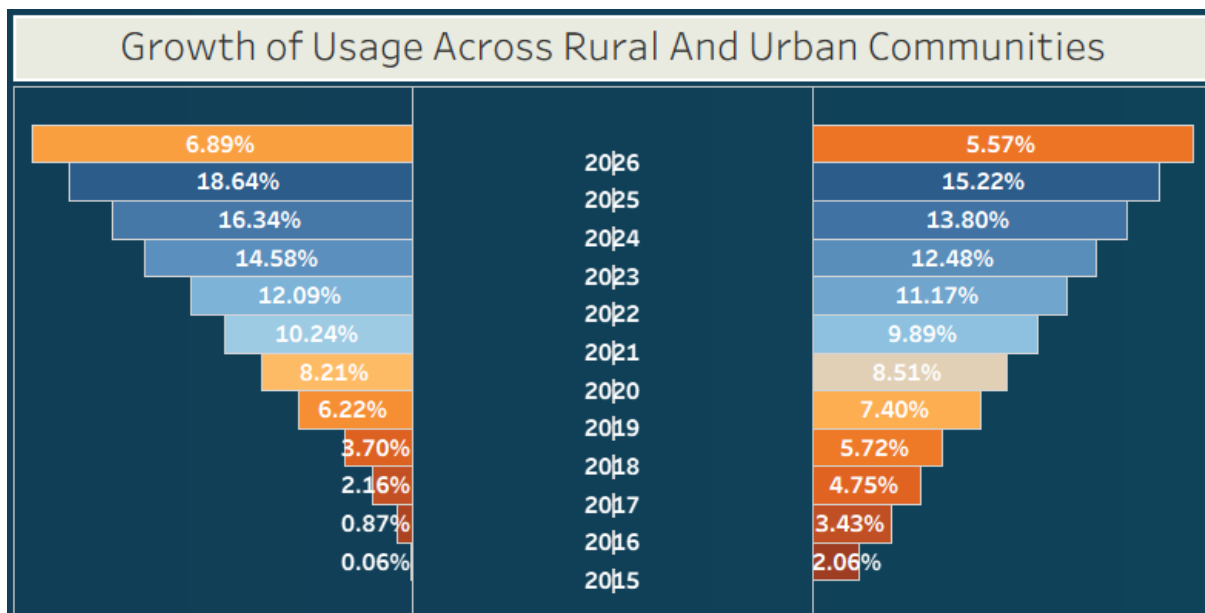

5. How has AI usage changed in rural and urban areas over the years?

Visualization: Growth of AI Usage in Rural and Urban Area

Attributes:

1. **Dimension:** Year
2. **Category:** Area Type — Rural / Urban
3. **Measure:** AI Usage
4. **Comparison:** Rural vs. Urban
5. **Trend:** Year-wise Growth

Screenshot:

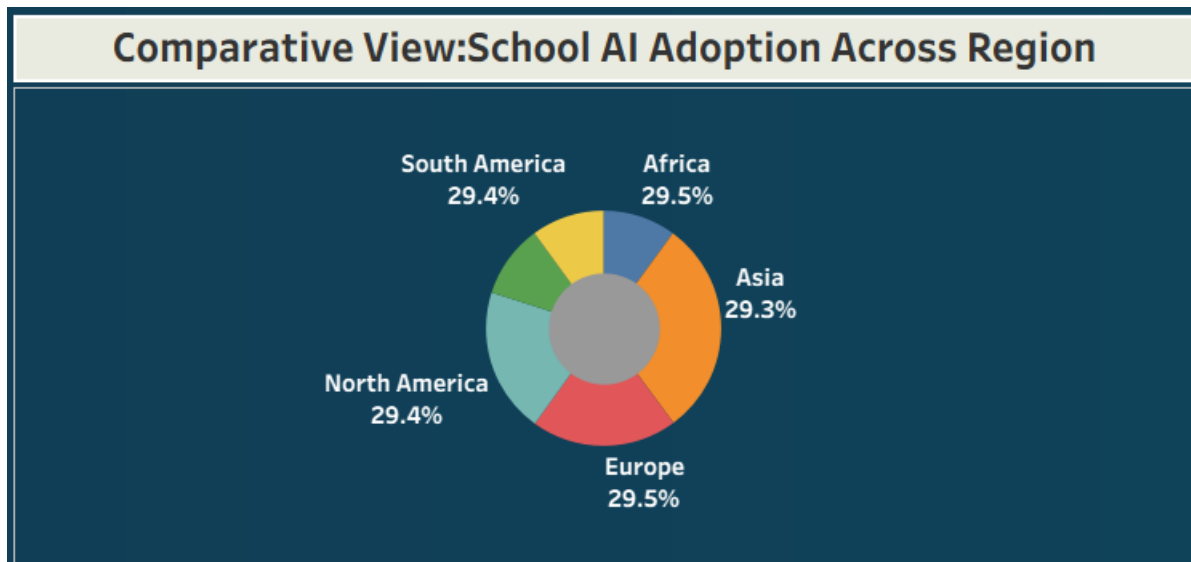

6. Which regions have the highest school AI adoption?

Visualization: Region Wise Schools AI Adoption

Attributes:

- **Dimension:** Region
- **Measure:** School AI Adoption
- **Category:** Schools
- **Comparison:** Region-wise Adoption

Screenshot:

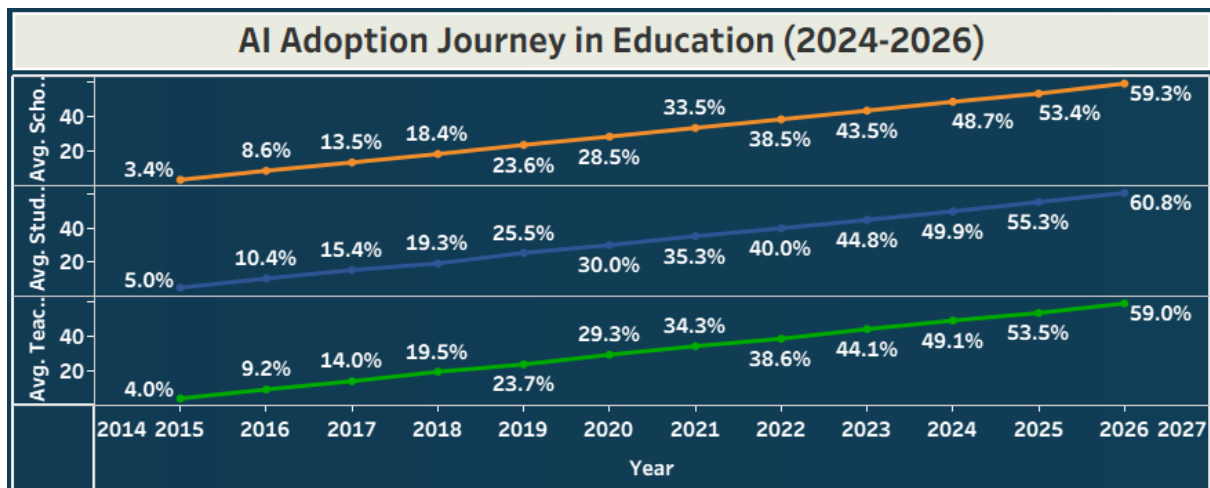

7. How have school, student, and teacher AI adoption changed over the years?

Visualization: Year Wise School, Students and Teacher AI Adoption

Attributes:

- **Dimension:** Year
- **Measures:** School AI Adoption, Student AI Adoption, Teacher AI Adoption
- **Comparison:** School vs. Student vs. Teacher
- **Trend:** Year-wise AI Adoption

Screenshot:

8. Which countries have higher or lower AI adoption?

Visualization: Global AI Adoption by Country – Map

Attributes:

- **Geographical Dimension:** Country
- **Measure:** AI Adoption
- **Geographical Analysis:** Country-wise
- **Comparison:** High vs. Low AI Adoption
- **Map Attribute:** Country Location
